

NYS Statute on Comprehensive Planning

Chapter 418 of the Laws of 1995 amends General City Law, Town Law, Village Law and General Municipal Law in relation to the preparation, adoption and review of comprehensive plans. The new law applies to all comprehensive plans adopted pursuant to General City Law §28-a, Town Law §272-a and Village Law §7-722. The following reproduction of Town Law §272-a is the same as General City Law §28-a, Town Law §272-a and Village Law §7-722 except as noted. In addition, where the following law reads, “town” the General City Law reads, “city” and the Village law reads, “village.”

Town Law § 272-a

§ 272-a. Town comprehensive plan.

1. Legislative findings and intent. The legislature hereby finds and determines that: ¹
 - (a) Significant decisions and actions affecting the immediate and long-range protection, enhancement, growth and development of the state and its communities are made by local governments.
 - (b) Among the most important powers and duties granted by the legislature to a town government is the authority and responsibility to undertake town comprehensive planning and to regulate land use for the purpose of protecting the public health, safety and general welfare of its citizens.
 - (c) The development and enactment by the town government of a town comprehensive plan which can be readily identified, and is available for use by the public, is in the best interest of the people of each town.
 - (d) The great diversity of resources and conditions that exist within and among the towns of the state compels the consideration of such diversity in the development of each town comprehensive plan.
 - (e) The participation of citizens in an open, responsible and flexible planning process is essential to the designing of the optimum town comprehensive plan.
 - (f) The town comprehensive plan is a means to promote the health, safety and general welfare of the people of the town and to give due consideration to the needs of the people of the region of which the town is a part.
 - (g) The comprehensive plan fosters cooperation among governmental agencies planning and implementing capital projects and municipalities that may be directly affected thereby.
 - (h) It is the intent of the legislature to encourage, but not to require, the preparation and adoption of a comprehensive plan pursuant to this section. Nothing herein shall be deemed to affect the status or validity of existing master plans, comprehensive plans, or land use plans.
2. Definitions. As used in this section, the term:
 - (a) "town comprehensive plan" means the materials, written and/or graphic, including but not limited to maps, charts, studies, resolutions, reports and other descriptive material that identify the goals, objectives, principles, guidelines, policies, standards, devices and instruments for the immediate and long-range protection, enhancement, growth and development of the town located outside the limits of any incorporated village or city.²
 - (b) "land use regulation" means an ordinance or local law enacted by the town for the regulation of any aspect of land use and community resource protection and includes any zoning, subdivision, special use permit or site plan regulation or any other regulation which prescribes the appropriate use of property or the scale, location and intensity of development.

¹Paragraph number 1 in the General City Law 28-a states that this section shall not apply in a city having a population of more than one million. The numbering in the General City Law is thus different than the Town and Village Laws by one paragraph.

²In General City Law 28-a, this paragraph ends with, "...growth and development of the city." In Village Law 7-722, this paragraph ends with, "...growth and development of the village."

- (c) "special board" means a board consisting of one or more members of the planning board and such other members as are appointed by the town board to prepare a proposed comprehensive plan and/or an amendment thereto.

7. Adoption. The town board may adopt by resolution a town comprehensive plan or any amendment thereto.

8. Environmental review. A town comprehensive plan, and any amendment thereto, is subject to the provisions of the state environmental quality review act under article eight of the environmental conservation law and its implementing regulations. No further compliance with such law is required for subsequent site specific actions that are in conformance with the conditions and thresholds established for such actions in the generic environmental impact statement and its findings.
