

**ARTICLE 10
PUBLIC SERVICE LAW
WHAT YOU SHOULD KNOW ABOUT
THE SITING OF
MAJOR ELECTRIC GENERATING FACILITIES**

WORKSHOP NOTICE

**The Jefferson County Department of Planning
and the NYS Tug Hill Commission are
co-sponsoring a land use training session.**

The Jefferson County Department of Planning and the NYS Tug Hill Commission are co-sponsoring a land use training session on Monday, November 14, 2016, 6:30 PM, at Jefferson Community College.

Paul Agresta is the General Counsel of the NYS Board on Electric Generation Siting and the Environment. He is also the General Counsel of the NYS Public Service Commission and the NYS Department of Public Service. Mr. Agresta has litigated numerous Article X electric generation siting cases. He wrote the regulations governing the siting of major power plants (including wind generation) in New York State pursuant to the new Article 10 statute. As an Administrative Law Judge, he presided on the Cape Vincent Wind case. At the start of his legal career, Mr. Agresta served as a town attorney and counsel to a municipal planning board and a zoning board of appeals.

James Denn is the Public Information Coordinator of the NYS Board on Electric Generation Siting and the Environment. He is also the Director of Public Affairs for the NYS Public Service Commission and the NYS Department of Public Service. As Public Information Coordinator, Mr. Denn implements measures that assure full and adequate public participation in matters before the board; responds to inquiries from the public for information on how to participate in matters before the board; and ensures all necessary or required documents are available for public access on the department's website.
